

March 18, 2020

Dear Families,

I hope this small note finds you and your children well and healthy. As our state and nation is facing challenges and difficult times with the navigation of the Coronavirus, I want to assure you that our staff will continue to plan and prepare for supports for your children while we are apart.

Our teachers have put together optional, educational suggestions and resources for students and families to access. No assignments will be due or collected when we return to school. We know many of you are working from home and hope these resources are helpful to you at this time. In addition to the various resources provided in this link, we strongly encourage our students to continue to read daily. We are very much invested in our students' learning and will provide support the best we can.

If you are in need of access to free broadband and/or internet, many of the local providers are advertising free options to K-12 families. Please check with your local provider on the possible options available to you in your area.

In the meantime, while school is not in session, our teachers are checking their e-mail and you are welcome to contact your child's teacher(s) via their district e-mail. Please keep in contact with our district website and social media posts if you are able.

In closing, I am available to answer any questions and/or listen to concerns you may have and can be reached at mbradford@lapeerschools.org.

Regards,

Mrs. Michelle Bradford
Lapeer Community Schools
Executive Director for Curriculum and Instruction
